COMMERCIAL ENERGY EFFICIENCY PROGRAM

Your electric utility and the Independent Energy Efficiency Program (IEEP) are sponsoring this program to encourage commercial electric customers to upgrade their equipment to energy efficient equipment. **To receive your rebate without delay, fill out both sides of this form completely and mail it to the address below, along with:**

- **A copy of your dated invoice, clearly showing equipment type and quantity. (Application must be submitted within 6 months of purchase.)**
- **A copy of your business's most recent electric bill.**
- **Sufficient technical product documentation showing that equipment meets specifications (indicated on other side of this form).**

Mail to: IEEP, P.O. Box 2489, Syracuse, New York 13220-2489
(Please *do not* send this form with your utility bill payment)

CUSTOMER INFORMATION:

Business Name: _____ Tax ID Number: _____

Make incentive check payable to: _____

Mailing Address: _____

City: _____ State: _____ Zip Code: _____

Contact Name: _____

Name of Municipal Electric Utility _____

Electric Account Number: _____

GENERAL TERMS AND CONDITIONS:

The IEEP may choose to inspect locations to verify satisfactory completion of the projects and to measure and verify energy savings. Such inspections will be made at a time convenient to the applicant, with advanced notice to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the incentive award.

Customers are responsible for any such tax implications associated with reimbursement. The IEEP is not responsible for any tax consequences associated with any payments. The IEEP assumes no responsibility for performance of equipment and equipment warranty. **The equipment must be purchased new and installed within the member utility's franchise service area within six months of receipt purchase date.** The customer relieves the IEEP of any and all liability associated with this project. The IEEP reserves the right in its sole discretion to terminate or modify this program at any time.

I, the undersigned, agree to the terms and conditions of this document. I understand that I am fully liable for any tax consequence that may arise from this reimbursement.

COMMERCIAL ENERGY EFFICIENCY PROGRAM

Qualifying Measures Worksheet

The IEEP has evaluated and qualified the energy saving measures listed on this page. For the measure to be eligible it must meet the minimum efficiency criteria listed. For projects with a potential rebate over $2,500, pre-approval is required. Should you require pre-approval, or for more assistance, please contact the IEEP at (833) 239-0164 or IEEPRebates@gmail.com. **Incomplete information will delay or disqualify your rebate.**

- **New Fixture or Retrofit. Lamps or bulbs must be new. Must be upgrading from less efficient measures.**
- **Fixtures must be new and ENERGY STAR® labeled or on the DesignLights Consortium (DLC) qualified product list.**
- **Rebate requests must be submitted to the IEEP within six months of purchase.**

APPROVED MEASURE	INCENTIVE AMOUNT *not to exceed price paid for fixture or bulb*	DESCRIPTION OF EQUIPMENT INSTALLED (MANUFACTURER, MODEL #)	QTY.	TOTAL INCENTIVE AMOUNT
LED interior 1' x 4', 2' x 2' and 2' x 4' panel and surface wrap fixtures, or retrofit kits for these fixtures; 4' and 8' LED strip fixtures	$32 per fixture			
4' LED refrigerated case fixtures	$15 per fixture			
8' LED T-8 and T-5 tubes for retrofitting into existing fixtures	$10 per tube			
4' LED T-8 and T-5 tubes and 2' U-bend LED tubes for retro-fitting into existing fixtures	$5 per tube			
ENERGY STAR®-labeled LED exit signs or screw-in R-20, R-30 or R-40 style LED bulbs	$10 per fixture			
Hardwired interior LED fixtures: ceiling globe, wall sconce, recessed can fixture or retrofit kit; 2' LED strip fixtures	$15 per fixture			
LED pendant style, or 4, 5, or 6 lamp LED T-8 or T-5 tube high bay or low bay warehouse style fixtures.	$60 per fixture			
LED mogul screw base corn cob style HID high bay or exterior fixture retrofit lamps (minimum 100 watt LED)	$60 per fixture			
LED exterior wall pack, parking lot, canopy or security fixtures	$50 per fixture			
Variable Speed Drives (VSD) for single-speed motors	1-15 HP : $30 per HP 20-50 HP : $25 per HP 60-100 HP : $17.50 per HP 125-200 HP : $15 per HP			
			GRAND TOTAL:

IEEP HEAT PUMP REBATE

Your electric utility and the Independent Energy Efficiency Program (IEEP) are sponsoring this program to provide rebates for customers who install qualifying high-efficiency heat pump equipment. **To receive your rebate without delay, fill out both sides of this form completely and mail it to the address below, along with:**

- **A copy of your dated sales receipt (application must be submitted within 6 months of appliance purchase)**
- **A copy of your most recent electric bill**
- **Have your installation contractor provide and include an AHRI certificate and documentation that the air source heat pump is on the Northeast Energy Efficiency Partnership (NEEP) ccASHP Product List. For ground source heat pumps and water heater heat pumps, please provide ENERGY STAR® Certification.**
- **Any rebate amount greater than $1,250 requires pre-approval from the IEEP. Preapprovals should include a completed rebate application along with AHRI certificate and documentation that unit being proposed is on the NEEP ccASHP list.**

Mail to: IEEP, P.O. Box 2489, Syracuse, New York 13220-2489, or email to IEEPRebates@gmail.com (please *do not* send this form with your utility bill payment). **If you have questions or you require pre-approval, please contact the IEEP at (833) 239-0164 or IEEPRebates@gmail.com.**

CUSTOMER INFORMATION:

Name: _____ Date of Installation: _____

Contact Name: _____ Email Address: _____

Installed Address (include City, State, Zip): _____

Mailing Address (if different): _____

Contact Phone: (_____) _____ Other: (_____) _____

Electric Utility: _____ Electric Account Number: _____

Installing Contractor Name: _____ Contractor Phone: (_____) _____

GENERAL TERMS AND CONDITIONS:

1. Incentives are available for residential and commercial electric customers replacing equipment in existing buildings. Measures installed in newly constructed buildings are not eligible for rebates.
2. It is the responsibility of the customer to ensure that all requirements for the rebate are met and that all required documentation is provided.
3. Failure to provide any of the required information will prevent processing of the application.
4. The IEEP may choose to inspect locations to verify project completion, to verify energy savings, or to survey on customer satisfaction. Such inspections will be made at a time convenient to the applicant, with advanced notice to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the incentive award.
5. The IEEP reserves the right in its sole discretion to terminate or modify this program at any time.
6. One rebate check will be issued to the customer for each approved and completed application. Limit one rebate per customer per year.
7. Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority.
8. Customers are responsible for any such tax implications associated with reimbursement. Your electric utility and the IEEP are not responsible for any tax consequences associated with any payments.
9. The customer verifies that they have not received any other incentives from any other state programs for the same equipment for which a rebate is being requested in this form.
10. Your electric utility and the IEEP assume no responsibility for performance of equipment and equipment warranty.
11. The equipment must be purchased new and installed within your electric utility's service territory within six months of receipt purchase date. Rebate applications must also be submitted within 6 months of purchase date.
12. The customer relieves the electric utility and IEEP of any and all liability associated with this project.
13. Heat pumps must be installed by a certified contractor. Self-installs allowed for heat pump water heaters only.

I, the undersigned, agree to the terms and conditions of this document. I understand that I am fully liable for any tax consequence that may arise from this reimbursement.

*Partial heating load <90% of the building's design heating load. Full heating load = 90%-120% of the building's design heating load.

BATTERY POWERED YARD CARE EQUIPMENT REBATE

Mowing an average sized lawn using a gas-powered mower can produce the same amount of pollution as a 100-mile car trip.

Did you know gasoline powered yard care equipment lack strong emission controls and are widely recognized as a major source of air pollution? Millions of gallons of fuel are spilled each year during refueling and these spills can make their way into our drinking water. Switching to electric yard care equipment can significantly reduce the quantity of pollutants released into the environment each year.

Your New York municipal electric utilities and the Independent Energy Efficiency Program (IEEP) are sponsoring this program to encourage their customers to upgrade their yard care equipment to electric battery powered equipment.

To receive your rebate without delay, fill out both sides of this form completely and mail (or email) to the address below, along with:

- **A copy of your dated sales receipt showing the make and model number of the equipment purchased**
- **A copy of your most recent electric bill showing that you are a municipal electric utility customer**

Mail to: IEEP, P.O. Box 2489, Syracuse, New York 13220-2489, or email to IEEPRebates@gmail.com
(Please *do not* send this form with your utility bill payment)

GENERAL TERMS AND CONDITIONS:

1. All rebates will be limited to a maximum of 25% of the purchase price. For example, if the final purchase price is $200 for a battery powered mower, the rebate will be reduced to 25% of the final cost, including sales tax and any manufacturer rebates applied, for a total rebate amount of $50.
2. Each electric account will be limited to $500 of incentives for the life of this program.
3. Equipment must be purchased new, and not be refurbished.
4. Only equipment purchased on or after September 1, 2023 are eligible. This program will end September 1, 2025 or while funds last. The IEEP reserves the right in its sole discretion to terminate or modify this program at any time.
5. Rebate forms must be submitted within 6 months of purchase date.
6. Corded equipment is not eligible for this rebate.
7. Your electric utility and the IEEP assume no responsibility for performance of equipment and equipment warranty.
8. The IEEP reserves the right to inspect or verify purchase of rebated equipment.
9. Customers are responsible for any such tax implications associated with this rebate.
10. The customer relieves the electric utility and IEEP of any and all liability associated with this project.
11. The customer verifies that they have not received other incentives from other state and/or federal rebate programs for the same equipment being requested in this form.
